

# Aerospace Medicine and Human Performance

Volume 86, Number 6

June 2015

## PRESIDENT'S PAGE

### **The Aerospace Medicine Specialist**

*K. Belland*

507

## RESEARCH ARTICLES

### **Hypobaric Decompression Sickness Treatment Model**

*J. Conkin, A. F. J. Abercromby, J. P. Dervay, A. H. Feiveson, M. L. Gernhardt, J. R. Norcross, R. Ploutz-Snyder, and J. H. Wessel, III*

508

### **Preliminary Results of the LF/HF Ratio as an Indicator for Estimating Difficulty Level of Flight Tasks**

*F. W. Skibniewski, Ł. Dziuda, P. M. Baran, M. K. Krej, S. Guzowski, M. A. Piotrowski, and O. E. Truszczyński*

518

### **5-Day Bed Rest: Portal and Lower Limb Veins With and Without Artificial Gravity Countermeasures**

*R. M. Provost, K. A. Zuj, and P. Arbeille*

524

### **Pulmonary Artery Pressure Response to Simulated Air Travel in a Hypobaric Chamber**

*B. E. Turner, P. D. Hodkinson, A. C. Timperley, and T. G. Smith*

529

### **Dose-Effect Relationship Between Mild Levels of Hypergravity and Autonomic Circulatory Regulation**

*K. Ueda, Y. Ogawa, R. Yanagida, K. Aoki, and K. Iwasaki*

535

### **Low Back Pain in Microgravity and Bed Rest Studies**

*A. L. Pool-Goudzwaard, D. L. Belavý, J. A. Hides, C. A. Richardson, and C. J. Snijders*

541

## REVIEW ARTICLES

### **Team Composition Issues for Future Space Exploration: A Review and Directions for Future Research**

*S. T. Bell, S. G. Brown, D. R. Abben, and N. B. Outland*

548

### **Spaceflight-Induced Intracranial Hypertension**

*A. P. Michael and K. Marshall-Bowman*

557

## SHORT COMMUNICATION

### **Flight Bags as a Cause of Back Injuries Among Commercial Pilots**

*V. S. R. Kanumuri, J. L. Zautke, and S. Dorevitch*

563

## CASE REPORT

### **Fearless Temperament and Overconfidence in an Unsuccessful Special Forces Polar Expedition**

*G. R. Leon and N. C. Venables*

567

## MEDICAL GUIDELINES

### **AsMA Medical Guidelines for Air Travel: Reported In-Flight Medical Events and Death**

*C. Thibeault and A. D. Evans*

571

### **AsMA Medical Guidelines for Air Travel: In-Flight Medical Care**

*C. Thibeault, A. D. Evans, F. S. Pettyjohn, and P. M. Alves*

572

## FEATURES

574 **You're the Flight Surgeon**—*R. C. Tontz*

577 **You're the Flight Surgeon**—*E. H. Mulagha*

581 **Focus on Aerospace Medicine History: Hermann von Schrotter (1870-1928): Inventor of the Sealed Cabin**—*V. Harsch*

582 **This Month in Aerospace Medicine History**—*W. W. Dalitsch III*
