

# Aerospace Medicine and Human Performance

Volume 92, Number 1

January 2021

## EDITORIAL

### **Really Looking Forward to 2021**

*F. Bonato*

1

## PRESIDENT'S PAGE

### **Aerospace Medicine at King's College London**

*C. DeJohn*

2

## RESEARCH ARTICLES

### **Human Locomotion Strategies Under Changed Bodyweight Support**

*A. V. Shpakov, A. A. Artamonov, A. V. Voronov, E. V. Plotnikov, A. A. Puchkova, and D. O. Orlov*

4

### **Visual Scanning Techniques and Mental Workload of Helicopter Pilots During Simulated Flight**

*G. Rainieri, F. Fraboni, G. Russo, M. Tušl, A. Pingitore, A. Tessari, and L. Pietrantonio*

11

### **Fatigue Among Student Pilots**

*B. Kilic*

20

### **Self-Reported Allergic Rhinitis Prevalence and Related Factors in Civil Aviation Aircrew of China**

*Y. Bai, M. Hu, F. Ma, K. Liu, H. Xu, X. Wu, and H. Wang*

25

### **In-Flight Medical Events and Cabin Crew First Aid Response**

*O. Paxinos, P. Savourdos, V. Alexelis, A. Anastasopoulos, E. Karantoni, P. Grigoropoulos, and X. Konstantinou*

32

## REVIEW ARTICLE

### **Hypobaric Decompression and White Matter Hyperintensities: An Evaluation of the NATO Standard**

*W. Ottestad, T. A. Hansen, J. I. Kåsin*

39

## SHORT COMMUNICATION

### **Trends in Metabolic Disorder in U.S. Army Aviators, 2016–2018**

*C. Goldie, J. McGhee, and A. M. Kelley*

43

## CASE REPORTS

### **Definitive Treatment of Neurological Decompression Sickness in a Resource Limited Location**

*M. J. Petruso and S. M. Philbrick*

47

### **Aviation Maxillofacial Shields and Blunt Impact Protection in U.S. Army Helicopter Mishaps**

*C. A. Weisenbach and J. S. McGhee*

50

### **A Case of Posterior Nutcracker Syndrome Revealed in the Aerospace Environment**

*C. Y. Chung, M. E. Lytle, and R. W. Clemente Fuentes*

54

## FEATURES

57 **Book Review**—*R. Jennings*

58 **Focus on Aerospace Medicine History: The Skylab Medical Experiments Altitude Test (SMEAT)**—*C. Sawin*

61 **This Month in Aerospace Medicine History: January**—*W. W. Dalitsch III*
