

Aerospace Medicine and Human Performance  
Volume 92, Number 10  
October 2021

PRESIDENT'S PAGE

**Germ Theory**

*J. R. DeVoll*

771

RESEARCH ARTICLES

**General Aviation Flight Safety During the COVID-19 Pandemic**

*D. D. Boyd*

773

**Indirect Measurements of Acceleration Atelectasis and the Role of Inspired Oxygen Concentrations**

*R. D. Pollock, S. D. Gates, J. J. Radcliffe, and A. T. Stevenson*

780

**Short and Long Haul Pilots' Rosters, Stress, Sleep Problems, Fatigue, Mental Health, and Well-Being**

*M. Venus and M. grosse Holtforth*

786

**Survival from Canadian Seaplane Water Accidents: 1995 to 2019**

*C. MacDonald, C. Brooks, and R. McGowan*

798

**Aircrew Actual vs. Prescriptive Sleep Schedules and Resulting Fatigue Estimates**

*M. B. Morris, B. Z. Veksler, M. A. Krusmark, A. R. Gaines, H. L. Jantscher, and G. Gunzelmann*

806

**Exercise Effects on Neck Function Among F-15E Aircrew**

*M. S. Lee, R. Briggs, V. Scheirer, G. Kearby, and B. A. Young*

815

SHORT COMMUNICATIONS

**Jet-Lag Countermeasures Used by International Business Travelers**

*G. Rigney, A. Walters, Y. S. Bin, E. Crome, and G. E. Vincent*

825

**Military Aviators with Inflammatory Bowel Diseases Continued Flying**

*O. Tehori, B. Koslowsky, D. Gabbai, S. Shapira, and O. Ben-Ari*

831

CASE REPORTS

**Heterozygous Familial Hyperlipidemia in a Fighter Pilot**

*L. C. Gatzke*

835

**Cerebral Oxygenation Responses to Aerobatic Flight**

*E. Fresnel, G. Dray, S. Pla, P. Jean, G. Belda, and S. Perrey*

838

LETTER TO THE EDITOR

**Letter to the Editor re: Multinational Studies Are Required to Determine the Efficacy of Oxygen Prebreathing**

843

FEATURES

845 **Aerospace Medicine Clinic**—*A. J. Kreykes and J. Vardiman*

849 **Focus on Aerospace Medicine History: Ulrich Cameron Luft—A Pioneer in Altitude Physiology**

851 **This Month in Aerospace Medicine History: October**—*W. W. Dalitsch III*

853 **Erratum**
