## AsMA Special Rooms

### AsMA WING HOSPITALITY & REGISTRATION

- Plaza Ballroom A
- Sunday, 1:00 p.m. – 5:00 p.m.
- Monday, 10:00 a.m. – 1:30 p.m.

### FAA AME SEMINAR

- Grand Hall LMN all week

## Accreditation Statement

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Undersea and Hyperbaric Medical Society and the Aerospace Medical Association. The Undersea and Hyperbaric Medical Society is accredited by the ACCME to provide continuing medical education for physicians.

### LEARNING OBJECTIVES

Upon completion of this educational activity, attendees will:

- Learn about evolving trends and best practices in aerospace-medicine;
- Apply principles of evidence-based medicine, operational risk-management, and aeromedical decision-making in aircrew selection and clinical aerospace medicine practice;
- Analyze mechanical, human performance, and systems integration factors in aviation mishaps and safety programs;
- Identify mechanical, biological, social, cognitive, environmental stress, and systems factors that impact optimal human performance and decision-making in the full spectrum of aerospace operations;
- Apply ethical principles to aerospace medicine decision-making and foster competency in professionalism and systems-based practice in the application of aerospace medicine skills, teamwork, and interoperability in a multidisciplinary professional environment.

### TARGET AUDIENCE

This continuing medical education activity should be of substantial interest to physicians and physicians-in-training in aerospace medicine. These aerospace medicine professionals include civilian Aviation Medical Examiners (AMEs), military flight surgeons, and flight surgeons supporting space medicine programs. Additional audiences include research professionals and other members of the aerospace medicine team (Flight Nurses, Aerospace Physiologists, Aerospace Psychologists, Human Factors Experts, Aerospace Medicine Physician Assistants, and others).

## Complimentary Online Access

**AGAIN THIS YEAR!** All paid registrants will receive COMPLIMENTARY ONLINE ACCESS TO SESSION RECORDINGS. Online content will include speaker audio synced with Presentations, along with MP3 audio files. All files can be streamed or downloaded. Podiumcast will email log-in instructions 2–3 weeks after the meeting. Visit Podiumcast onsite in Chicago for a demo, or go to <https://www.podiumcast.com>.

### CONTINUING MEDICAL EDUCATION

The Civil Aerospace Medical Institute is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The AAFP has reviewed AME Refresher Training (AsMA) 2024 and deemed it acceptable for up to 19.00 Live AAFP Prescribed credits. Term of Approval is from 05/6/2024 to 05/9/2024. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This program is approved for up to 19 credits of Category 1-A by the American Osteopathic Association.

AAFP Prescribed credit is accepted by the American Medical Association as equivalent to *AMA PRA Category 1 credit(s)*<sup>™</sup> toward the AMA Physician's Recognition Award. When applying for the AMA PRA, Prescribed credit earned must be reported as Prescribed, not as Category 1.

This CME activity was developed by the Aerospace Medical Education Division of the FAA Civil Aerospace Medical Institute using only congressionally appropriated funds, and without any type of commercial sponsorship (monetary or in kind).

All speakers participating in this CME activity are required to disclose to the audience any significant financial interest or other relationship they may have with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial medical services discussed in their educational presentations. Significant financial interests or other relationships can include (but are not limited to) being an employee, consultant, representative, stockholder, or receiving grants or research support from such a commercial company. The intent of this disclosure is to provide the audience with information to enable them to determine whether the speaker's interests or relationships may influence the presentation with regard to exposition or conclusion. The Aerospace Medical Education Division will not accept commercial support of any educational program.

It is the policy of the Aerospace Medical Education Division that the speaker discloses to the audience if a product is not labeled for the use under discussion or that a product is still investigational.

## Continuing Education Information & Instructions

### Instructions for Obtaining CME Credit

- Register for the conference and sign in for the activities, as required.
- Complete the online post-activity evaluation. Be sure to evaluate each session attended.
- After submitting the post-meeting evaluation, the CME or Nurse Contact Hours certificate will be sent to your email designated on the form. Please allow 1–2 days for the certificate to arrive in your inbox. The certificate will be sent from [jsventek@asma.org](mailto:jsventek@asma.org). Please be sure to check your SPAM or JUNK folder.

### Designation Statements

- The Undersea and Hyperbaric Medical Society (UHMS) designates this live activity for a maximum of 23 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
- **Nursing Contact Hours:** This nursing continuing professional development activity was approved by Montana Nurses Association, an accredited approver with distinction by the American Nurses Credentialing Center's Commission on Accreditation.
- A Participation Certificate is available for those requiring proof of attendance and who cannot claim CME.

### Full Disclosure Statement

All faculty members and planners participating in continuing medical education activities sponsored by the Aerospace Medical Association are expected to disclose to the participants any relevant financial relationships with ineligible companies. Full disclosure of faculty and planner relevant financial relationships will be made at the activity.

### UHMS Disclaimer

The information provided at this CME activity is for Continuing Medical Education Purposes only. The lecture content, statements or opinions expressed, however, do not necessarily represent those of the Undersea and Hyperbaric Medical Society (UHMS), its affiliates or its employees.

### Statement of Independence

The Aerospace Medical Association has a policy of ensuring the content and quality of this educational activity are balanced, independent, objective, and scientifically rigorous. The content of this activity was developed under the supervision of the Aerospace Medical Association's Scientific Program Committee, according to the following specifications:

- All the recommendations involving clinical medicine in a CME activity must be based on evidence accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients.
- All scientific research referred to, reported, or used in CME in support or justification of a patient care recommendation must conform to the generally accepted standards of experimental design, data collection, and analysis.

The Aerospace Medical Association has rigorously reviewed the content or format of the CME activity and/or its related materials to ensure they promote improvements or quality in healthcare and not a specific proprietary business interest of a commercial interest, as well as to confirm the presentations give a balance view of therapeutic options. Use of generic names will contribute to this impartiality. If the CME educational material or content includes trade names, where available trade names from several companies have been used, not just trade names from a single company.

### Financial Relationships Disclosure Statement

All individuals in control of content for this educational activity with their relevant financial relationship disclosed are listed below (if applicable). An individual who refuses to disclose relevant financial relationships will be disqualified from being in control of educational content at any time, and cannot have control of, or responsibility for, the development, management, presentation, or evaluation of the CME activity.

Financial relationships are relevant if the following three conditions are met for the individual who will control content of the education:

- A financial relationship, in any amount, exists between the person in control of content and an ineligible company.
- The content of the education is related to the products of an ineligible company with whom the person has a financial relationship.
- The financial relationship existed during the past 24 months.

The Aerospace Medical Association has reviewed all disclosures and resolved or managed all identified conflicts of interest, as applicable. Aero-

space Medical Association Planners, Reviewers and Faculty/Presenters associated with this activity reported no relevant financial relationships, except for the following:

- Stephen Harridge, Ph.D.; Faculty: BioAge, Inc. - Consultant
- Jeffery Hovis, O.D., Ph.D.; Faculty/Reviewer: ALCON Laboratories - Consultant
- Michael Pohlen, M.D.; Faculty: Covera, Inc. - Contractor
- Nathan Skelly, M.D.; Faculty: CONMED Corp. - Consultant

### Appropriate Management of Commercial Support

The Aerospace Medical Association's Scientific Program Committee has authority and complete control of the planning and implementation of this educational activity and attests to the fact that it was planned and implemented independent of grant support and in accordance with the ACCME's Standards for Integrity and Independence in Accredited Continuing Education. The following have provided commercial support for this activity:

- Environmental Tectonics Corp.: \$1,000 Exhibit Hall Coffee/Tea Service
- Environmental Tectonics Corp.: \$2,500 Harry G. Armstrong Lecture Honorarium
- Environmental Tectonics Corp.: \$5,000 Reception to Honor Multinational Attendees
- Environmental Tectonics Corp.: \$3,500 International Acceleration Interest Group Luncheon
- Environmental Tectonics Corp.: \$1,150 Disorientation Research Group Breakfast

### Policy on Unlabeled/Off-Label Use

ACCME policy allows off-label discussion, but does not allow a faculty to advocate for the test or treatment, or teach clinicians how or when to use it.

When a CME activity includes information about an approach to diagnosis or treatment not generally accepted, it is allowable to facilitate debate and discussion about the approach, but it is not allowable to advocate for the test or treatment, or teach clinicians how or when to use it. Several strategies can be utilized to facilitate discussion about controversial topics without promoting unscientific care recommendations in accredited CME activities.

### CME For MOC Program Guide Designation Statements for ABMS Boards

As an accredited ACCME provider, the UHMS is now responsible to submit physician learner CME credits into the ACCME PARS system. However, it is the physician's responsibility to submit the necessary information required to match with the ACCME PARS system. It is also the physician's responsibility to check with their respective board(s) to see that the credits were applied accordingly.

#### American Board of Anesthesiology (ABA)

"This activity contributes to the CME component of the American Board of Anesthesiology's redesigned Maintenance of Certification in Anesthesiology™ (MOCA®) program, known as MOCA 2.0®. Please consult the ABA website, [www.theABA.org](http://www.theABA.org), for a list of all MOCA 2.0 requirements."

#### American Board of Internal Medicine (ABIM)\*\*\*

"Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 23.0 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit."

#### American Board of Otolaryngology – Head and Neck Surgery (ABOHNS) \*\*\*

"Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn their required annual part II self-assessment credit in the American Board of Otolaryngology – Head and Neck Surgery's Continuing Certification program (formerly known as MOC). It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of recognizing participation."

#### American Board of Orthopaedic Surgery (ABOS) \*\*\*

"Successful completion of this CME activity, which includes participation in the evaluation component, enables the learner to earn credit toward the CME of the American Board of Orthopaedic Surgery's Maintenance

See "CME Instructions", p. 8

of Certification program. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABOS credit."

**American Board of Pathology (ABPath)**

This activity has been registered to offer 23.0 AMA PRA Category 1 Credits™ towards the American Board of Pathology's Continuing Certification program Lifelong Learning credits.

**American Board of Pediatrics (ABP) \*\*\***

"Successful completion of this CME activity, which includes participation in the evaluation component, enables the learner to earn up to 23.0 MOC points in the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABP MOC credit."

**American Board of Surgery (ABS) \*\*\***

"Successful completion of this CME activity [which includes participation in the evaluation component], enables the learner to earn credit toward

the CME [and Self-Assessment] requirement(s) of the American Board of Surgery's Continuous Certification program. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABS credit."

**American Board of Thoracic Surgery (ABTS) \*\*\***

"Successful completion of this CME activity [which includes participation in the evaluation component,] enables the learner to earn credit toward the CME [and Self-Assessment] of the American Board of Thoracic Surgery's Maintenance of Certification program. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABTS credit."

**\*\*\*Will require evaluation feedback**

**Required instructions to learners on how to obtain CME for MOC**  
CME For MOC points are earned through completing a comprehensive evaluation component that assesses individual learner competence, performance, and/or the impact on patient outcomes. Some boards require evaluation feedback that will include a summary of what was discussed and the best next steps for the learner. The evaluation feedback will be provided to you upon submitting the evaluation form.

**Exhibit Booths & Contact Information**

The AsMA Welcome to Chicago event will be held in the exhibit area on Sunday, May 5, from 6:30 - 8:30 p.m. Exhibits will be open during the reception, as well as between the hours of 9:30 a.m. and 4:30 p.m. Monday, May 6, and Tuesday, May 7.
