

2012 Aerospace Human Factors Association Awards

AsHFA Fellows 2012

The new class of AsHFA Fellows, pictured above with Mal Cohen (left), Chair of the AsHFA Fellows, is as follows from left to right: Dwight Holland, Don White, Valerie Martindale, and Bill Albery (AsHFA President 2011-2012).

2012 Student Award

The winners of the student award were Daniel Park, Hirsh Patel, and Brian Lee. Their advisor, Dr. Melissa Kinard, stands on the right. The students won the award for their project entitled "The Effect of Propeller Diameter on Torque Reaction."

Henry L. Taylor Founder's Award

Bill Ercoline (left), this year's winner of the Henry L. Taylor Founder's Award, poses with Bill Albery (right), AsHFA President.

William E. Collins Award

The Collins Award was received by Andy McKinley, Lindsey McIntire, and Margaret A. Funke for their paper "Operator Selection for Unmanned Aerial Systems: Comparing Video Game Players and Pilots" published in ASEM 2011; 82:635-42. Above, Lindsey McIntire (left) accepts the award from Bill Albery (right) on behalf of her co-authors.

Stanley N. Roscoe Award

Dr. Tom Dubhe, pictured above, was the winner of the Roscoe Award for his paper "A novel malware target recognition architecture for enhanced cyberspace situation awareness."

2012 Lecturer

Pictured above is Peter Hancock (left), the 2011 winner of the Henry L. Taylor Founder's Award and this year's lecturer at the luncheon, standing with Valerie Martindale (right), President of AsHFA for 2012-2013.
