

AEROSPACE MEDICAL ASSOCIATION AWARD NOMINATION FORM

320 S. Henry Street
Alexandria, VA 22314-3524
Phone: (703) 739-2240
Fax: (703) 739-9652
www.asma.org

NOMINEE: _____

AWARD: _____

DATE: _____

PROPOSED CITATION: Summarize in your own words the specific achievement or contribution which inspired the nomination. Limit is 80 words.

BACKGROUND: Succinctly describe the reason for the nomination, including dates and significance of relevant accomplishments, their impact in the larger world, and the ways in which they meet the requirements of the specific award. Use complete sentences without abbreviations. Limit is 300 words. Additional biographical material may be attached but is limited to 3 typed pages.

NOMINATOR INFORMATION

Name (print): _____
Signature: _____ Date: _____
Address: _____
E-Mail _____

AWARD RULES

Any member of the Association may submit a nomination for these awards by following the rules below. Award recipients are selected by vote of the Awards Committee: each committee member reviews the nomination forms and ranks the candidates based on the significance of the accomplishments cited, their relevance to the specific award, and the timeliness of the nomination. The committee chairperson does not vote and is not eligible for an award during his/her tenure. The Chair breaks ties based upon all known factors surrounding the award nomination. Committee members may receive awards during service on the committee, but they cannot vote on the award they are in competition for—the Chair votes in their place. Traditionally, the preferential voting method has been used. It is an Association policy that committee membership broadly represents both the disciplines of Association membership and the constituent organizations which are part of the Association, and that committee members rotate every 3-5 years.

Rules:

1. The nominee **must** be a current member of the Association by Feb. 1 in the year in which the award may be given, with the sole exception that the Sidney D. Leverett, Jr., Environmental Science Award is open to nonmembers.
2. Employees of a company sponsoring an award are eligible to receive the award. Self-nomination is not allowed. Deceased members may be nominated.
3. Nominations for the Tuttle and Environmental Science Awards must cite a specific paper printed in *Aviation, Space and Environmental Medicine*. The award will be given to the first author, with co-authors that are AsMA members receiving co-author recognition.
4. An individual can only receive one award in any one year. The same individual may receive an award more than once, so long as five years have elapsed between the last time that award was won by that same awardee. The exception is the Bauer Award, as this award is only given once to an individual.
5. Nominations are good for three years from the original award nomination. They may be updated. If substantial material has changed for the same award within that three-year cycle—a new nomination should be submitted.
6. The form is available on the AsMA website. You may either submit the nomination directly from the website or you may download the nomination form into your computer for e-mailing as a pdf document attachment. Nomination forms sent via e-mail should be addressed to the Awards Committee Chair, Kris Belland, D.O., at awards@asma.org; and Ms. Gisselle Vargas at AsMA Headquarters (gvargas@asma.org). If e-mail is not available, you can send a hard copy of the form via normal mail to: Aerospace Medical Association, 320 South Henry St, Alexandria, VA 22314; or fax to the AsMA Home Office: (703)739-9652. Any auxiliary biographical material in electronic or hard copy attachments **must be limited to 3 typed pages** and will be retained in Association files.
7. Nominations received after Jan. 15th will be considered for awards to be presented at the next annual meeting.

AsMA ANNUAL AWARDS

1. LOUIS H. BAUER FOUNDERS AWARD

Established to honor Louis H. Bauer, M.D., founder of the Aerospace Medical Association. It is given annually for the most significant contribution in aerospace medicine.

2. BOOTHBY-EDWARDS AWARD

Established in memory of Walter M. Boothby, M.D., pioneer aviation medicine researcher, and Howard K. Edwards, M.D., clinical practitioner of aviation medicine. The award is presented annually for outstanding research and/or clinical practice directed at the promotion of health and prevention of disease in professional airline pilots.

3. JOHN ERNSTING AWARD

Established in memory of Professor Ernsting. It is given for outstanding research in altitude physiology and/or for longstanding exceptional performance in the education, development, and administration of aerospace medicine and related specialties

4. KENT K. GILLINGHAM AWARD

Established by AMST to honor the memory of Kent K. Gillingham, M.D., Ph.D. The award is presented annually to an individual who has made a significant contribution in the fields of spatial disorientation and situational awareness related to flight.

5. WON CHUEL KAY AWARD

Established by the Korean Aerospace Medical Association in honor of Won Chuel Kay, M.D., a former Surgeon General of the Korean Air Force, founder and first Medical Director of Korean Airlines and first President of the Korean Aerospace Medical Association. This award is presented annually to a member who has made outstanding contributions to international aerospace medicine.

6. WALTER AND SYLVIA GOLDENRATH AWARD

Established at the bequest of the Walter and Sylvia Goldenrath estate. The award is presented annually for the most outstanding achievement in aerospace physiology.

7. JOE KERWIN AWARD

Established in honor of Joseph P. Kerwin, the first physician/astronaut. It is presented for advances in the understanding of human physiology during spaceflight and innovation in the practice of space medicine to support optimal human health and performance in space

8. MARY T. KLINKER AWARD

Established by the Aerospace Nursing Society in memory of Mary T. Klinker, who was killed in a C-5A crash while performing a humanitarian mission. The award is given annually to recognize significant contributions to, or achievements in the field of aeromedical evacuation.

9. SIDNEY D. LEVERETT, JR. ENVIRONMENTAL SCIENCE AWARD

In memory of Sidney D. Leverett, Jr., Ph.D., this award is presented annually to an individual who has made a significant contribution in the field of environmental sciences through a publication in *Aviation, Space, and Environmental Medicine* or by activities conducted in support of aerospace systems operations.

10. ERIC LILJENCRANTZ AWARD

Established in memory of CDR Eric Liljencrantz, MC, USN, whose brilliant career in aviation medicine was cut short by his death in an airplane accident in 1942. It is given annually to honor excellence as an educator in aerospace medicine, or for basic research into the problems of acceleration, altitude, or weightlessness.

11. RAYMOND F. LONGACRE AWARD

Established to honor the memory of MAJ Raymond F. Longacre, MC, USA. It is given annually for outstanding accomplishment in the psychological and psychiatric aspects of aerospace medicine.

12. THEODORE C. LYSTER AWARD

Established to honor the memory of Brig. Gen. Theodore C. Lyster, the first Chief Surgeon, Aviation Section, U.S. Army Signal Corps. It is given annually for outstanding achievement in the general field of aerospace medicine.

13. MARIE MARVINGT AWARD

Established by the French Aerospace Medical Association in memory of Marie Marvingt (1875-1963), a pioneer French pilot and surgical nurse who, for more than 50 years, actively and untiringly involved herself in the conception and development of air ambulance services and in the education of the general public regarding their use and benefits. The award is presented annually to honor excellence and innovation in Aerospace Medicine.

14. HARRY G. MOSELEY AWARD

Established in memory of Col. Harry G. Moseley, USAF, MC, in recognition of his material contributions to flight safety. It is given annually for the most outstanding contribution to flight safety.

15. JOHN PAUL STAPP AWARD

Established by Environmental Tectonics Corp. in honor of Col. John Paul Stapp, USAF, MC. The award is given annually to recognize outstanding contributions in the field of aerospace biomechanics and to promote progress in protection from injury resulting from ejection, vibration, or impact.

16. JOHN A. TAMISIEA AWARD

Established by the Civil Aviation Medical Association in memory of John A. Tamisiea, M.D. Awarded annually to an Aviation Medical Examiner or other individual who has made an outstanding contribution to the art and science of aviation medicine in its application to the general aviation field.

17. ARNOLD D. TUTTLE AWARD

Established in memory of Col. Arnold D. Tuttle, USAF, MC. Awarded annually for original research that has made the most significant contribution toward the solution of a challenging problem in aerospace medicine and was published in *Aviation, Space and Environmental Medicine*.

18. JULIAN E. WARD MEMORIAL AWARD

Established by the Society of U.S. Air Force Flight Surgeons in memory of its first member to lose his life in an aircraft accident, and to honor all flight surgeons whose lives have been lost in flying activities related to the practice of aerospace medicine. The annual award is for superior performance and/or outstanding achievement in the art and science of aerospace medicine during residency training.

Inquiries regarding the AsMA Awards nomination process should be directed to:

Kris Belland, D.O.
