

Aerospace Medical Association (AsMA)

International Aerospace Medicine Scholarship

Amount \$500 U.S.

ELIGIBILITY CRITERIA

- 1) An International (non-US) student who is currently enrolled in an accredited under- graduate, graduate or post-graduate education/training program in any of the following:
 - 1.1 An aviation/aerospace medicine residency program approved by the appropriate medical education accreditation organization in the country where the applicant is enrolled.
 - 1.2 A graduate level (Master's or Ph.D.) program in aviation/aerospace medicine.
 - 1.3 An aviation/aerospace medicine certificate and/or diplomate program with a duration of ≥ 4 weeks.
 - 1.4 A full-time education/training program in an allied scientific discipline (e.g. nursing, physiology, human factors, psychology, ergonomics, engineering, etc.) that is acceptable to the AsMA Fellows Scholarship Committee (AsMA-FSC).

OR

- 2) An individual who has successfully completed any of the above-mentioned education/training programs within the past 12 months of the deadline to apply for this scholarship.

AND

- 3) The applicant must be at least a student/resident AsMA member at the time of the application for this scholarship.
- 4) The applicant must not have been a previous recipient of this scholarship.

SELECTION CRITERIA

- 1) Eligible applicants must complete the application form that is available online at <https://asma-scholarships.secure-platform.com:443/a/solicitations/home/5>
- 2) Eligible applicants will be evaluated on their educational pursuit and demonstrated mastery of Aerospace Medical or related Life Sciences Academic record.
- 3) Eligible applicants will be evaluated using the Honor, award or recognitions they have received in their pursuit of training and education in Aerospace Medicine topics in the previous 5 years prior to applying for this scholarship.

- 4) Eligible applicants will be evaluated on the breadth and depth of the Aerospace Medicine Activities they have attended or completed. Activities to be considered may include, but are not limited to, Aerospace Medicine, Human Factors, Physiology, Nursing presentation, courses and/or electives.
- 5) Eligible applicants will be evaluated on their relevant military or public health service duty history and experience.
- 6) Eligible applicants will be evaluated on their demonstrated leadership and research activities and their publication history in the 5 years prior to application.
- 7) Eligible applicants will be evaluated on service activities to AsMA and to the greater Aerospace Medicine community.

The scholarship will be awarded competitively as determined by the AsMA Executive Committee. Special consideration will be given to those applicants who are at an early stage in their Aerospace Medicine career development.

IMPORTANT DATES TO REMEMBER
