K. Belland

687

RESEARCH ARTICLES

Cerebral Blood Flow Velocity During Combined Lower Body Negative Pressure and Cognitive Stress

J. J. Durocher, J. R. Carter, W. H. Cooke, A. H. Young, and M. H. Harwood

688

A Meta-Analysis of Exhaled Nitric Oxide in Acute Normobaric Hypoxia

M. J. MacInnis, E. A. Carter, J. Donnelly, and M. S. Koehle

693

Developing a Measurement for Task Complexity in Flight

Y. Zheng, Y. Lu, Z. Wang, D. Huang, and S. Fu

698

Monitoring and Managing Cabin Crew Sleep and Fatigue During an Ultra-Long Range Trip

M. J. van den Berg, T. L. Signal, H. M. Mulrine, A. A. T. Smith, P. H. Gander, and W. Serfontein

705

In-Flight Study of Helmet-Mounted Symbology System Concepts in Degraded Visual Environments

B. Cheung, G. Craig, B. Steels, R. Sceviour, V. Cosman, S. Jennings, and P. Holst

714

A Cognitive and Virtual Reality Treatment Program for the Fear of Flying

M. Ferrand, A. Ruffault, X. Tytelman, C. Flahault, and V. Négovanska

723

REVIEW ARTICLES

Evaluating the Reliability of the Human Factors Analysis and Classification System

T. N. Cohen, D. A. Wiegmann, and S. A. Shappell

728

Personnel Selection Influences on Remotely Piloted Aircraft Human-System Integration

T. R. Carretta and R. E. King

736

CASE REPORT

Eosinophilic Esophagitis with Dysphagia and Food Impaction in a Young Adult

A. A. Cochet Jr., A. E. Cochet, and J. M. Francis

742

TECHNICAL NOTE

A Modified Protocol for Color Vision Screening Using Ishihara

A. C. Chorley

747

FEATURES

752 **Reviews**

754 **You're the Flight Surgeon**—*J. M. Nelms*

756 **You're the Flight Surgeon**—*A. Duong*

760 **This Month in Aerospace Medicine History**—*W. W. Dalitsch III*
