585

RESEARCH ARTICLES

Clinical Diagnoses Leading to Suspension in Army Aircrew: An Epidemiological Study

I. P. Curry, A. M. Kelley, and S. J. Gaydos

587

Extended High-Frequency Audiometry (9–20 kHz) in Civilian Pilots

F. Ma, S. Gong, S. Liu, M. Hu, C. Qin, Y. Bai

593

Recurrent On-Duty Sleepiness and Alertness Management Strategies in Long-Haul Airline Pilots

M. Sallinen, T. Åkerstedt, M. Härmä, A. Henelius, K. Ketola, M. Leinkka, G. Kecklund, M. Sihvola, A. Tuori, J. Virkkala, and S. Puttonen

601

A Pilot Study Exploring the Effects of Sleep Deprivation on Analogue Measures of Pilot Competencies

A. D. O'Hagan, J. Issartel, E. McGinley, and G. Warrington

609

Chromosome Translocations and Cosmic Radiation Dose in Male U.S. Commercial Airline Pilots

B. Grajewski, L. C. Yong, S. J. Bertke, P. Bhatti, M. P. Little, M. J. Ramsey, J. D. Tucker, E. M. Ward, E. A. Whelan, A. J. Sigurdson, and M. A. Waters

616

Performance Trends During Sleep Deprivation on a Tilt-Based Control Task

J. B. Bolkhovsky, F. E. Ritter, K. H. Chon, and M. Qin

626

Postural Instability and Simulator Seasickness

K. A. Pettijohn, D. Geyer, J. Gomez, W. J. Becker, and A. T. Biggs

634

Resting State Brain Activity During Long-Term Dry Immersion

I. E. Lazarev, E. S. Tomilovskaya, I. B. Kozlovskaya

642

REVIEW ARTICLE

Cardiovascular Tests for Risk Assessment in Asymptomatic Adults and Implications for Pilots

I. M. A. Wirawan, R. F. Griffiths, and P. D. Larsen

648

CASE REPORTS

In-Flight Management of a Supraventricular Tachycardia Using Telemedicine

J. J. Voerman, M. E. Hoffe, S. Surka, and P. M. Alves

657

Aviation Fuel Exposure Resulting in Otitis Externa with Vertigo

R. J. Long and R. A. Charles

661
