

Aerospace Medicine and Human Performance  
Volume 92, Number 5  
May 2021

PRESIDENT'S PAGE

**An Extra Turn at Bat**

*C. DeJohn*

287

RESEARCH ARTICLES

**Decompression Illness Incidence and Hypoxia Symptoms After Prebreathing in Hypobaric Hypoxia Training**

*L. J. Cheok, L. Y. Goh, F. W. Soh, and B. T. B. Chuan*

289

**Analysis of Air Taxi Accidents (2004–2018) and Associated Human Factors by Aircraft Performance Class**

*D. Budde, J. Hinkelbein, and D. D. Boyd*

294

**Physiological and Cognitive Performance in F-22 Pilots During Day and Night Flying**

*E. K. Combs, A. S. Dahlman, N. L. Shattuck, J. A. Heissel, and L. R. Whitaker*

303

**Penguin Suit and Fetal Position Finite Element Model to Prevent Low Back Pain in Spaceflight**

*S. Zhang, K. Wang, R. Zhu, C. Jiang, and W. Niu*

312

**Increasing Altitude and the Optokinetic Cervical Reflex**

*M. A. Stewart, S. Pingali, and D. G. Newman*

319

**Deficits in Visual Processing During Hypoxia as Evidenced by Visual Mismatch Negativity**

*K. J. Blacker, T. R. Seech, M. E. Funke, M. J. Kinney*

326

REVIEW ARTICLES

**A Novel Biopsychosocial Approach to Neck Pain in Military Helicopter Aircrew**

*R. E. Vail, S. D. R. Harridge, P.D. Hodkinson, N. D. C. Green, and M. Pavlou*

333

**Microgravity and Radiation Effects on Astronaut Intervertebral Disc Health**

*K. Smith and J. Mercuri*

342

SHORT COMMUNICATION

**Children and Infants in Aviation Accidents**

*H. Kalagher, and A. de Voogt*

353
