

# Aerospace Medicine and Human Performance

Volume 94, Number 1

January 2023

## EDITORIAL

### **Farewell and Welcome!**

*F. Bonato*

1

## PRESIDENT'S PAGE

### **Prepping for New Orleans**

*S. Northrup*

2

## RESEARCH ARTICLES

### **Cabin Pressure Altitude Effect on Acceleration Atelectasis After Agile Flight Breathing 60% Oxygen**

*H. Tank, G. Kennedy, R. Pollock, P. Hodkinson, R-A. Sheppard-Hickey, J. Woolford, N. D. C. Green, and A. Stevenson*

3

### **Aviation Decompression Sickness in Aerospace and Hyperbaric Medicine**

*C. J. Kutz, I. J. Kirby, I. R. Grover, and H. L. Tanaka*

11

### **Test Pilot and Airline Pilot Differences in Facing Unexpected Events**

*Y. Zheng, Y. Lu, Y. Jie, Z. Zhao, S. Fu*

18

## REVIEW ARTICLES

### **Spaceflight Maximum Allowable Concentrations for Ethyl Acetate**

*E. S. Williams and V. E. Ryder*

25

### **Performance Risks During Surface Extravehicular Activity and Potential Mitigation Using Multimodal Displays**

*J. Y. Zhang and A. P. Anderson*

34

## SHORT COMMUNICATION

### **Measuring Arterial Oxygen Saturation Using Wearable Devices Under Varying Conditions**

*E. L. Hearn, J. Byford, C. Wolfe, C. Agyei, P. D. Hodkinson, R. D. Pollock, and T. G. Smith*

42

## CASE REPORT

### **Implantable Collamer Lens Use in a Spaceflight Participant During Short Duration Spaceflight**

*C. R. Gibson, T. H. Mader, W. Lipsky, D. M. Brown, R. Jennings, J. Law, A. Sargsyn, T. Brunstetter, S. N. Danilchev, and Y. Maezawa*

48

## FEATURES

51      **This Month in Aerospace Medicine History: January—*W. W. Dalitsch III***

## ASSOCIATION NEWS

52      **In Memoriam**

52      **FAA News**
