INFORMATION FOR EXHIBITORS

We want you to join us next April at the 87th Annual Scientific Meeting of the Aerospace Medical Association. At the 2015 meeting in Lake Buena Vista, FL, the number of attendees was 1,527. We have a unique membership that no other professional medical organization can equal. Our members include Aerospace Medicine and Clinical Physicians, Aerospace Nurses, Physiologists, Human Performance and Human Factors experts, Aerospace Medicine Physician Assistants, Public Health experts, Occupational Medicine physicians, Environmental Medicine experts, and a host of scientists engaged in aerospace medicine policies, operations, and research from around the world. You will have the opportunity to meet leaders, practitioners, and scientists from the FAA, NASA, the aerospace industry, the airlines, the Military Services, and consultants in the private sector. There will also be in attendance senior government, military, and airline medical personnel from over 70 countries. Approximately 25% of our members are from overseas. No matter where we come from or what we do, we are bound together by a common interest in the health and safety of all those who fly in air and space, crews and passengers, and of those who support aerospace organizations on the ground. Our Association has approximately 2,250 members providing an excellent target market for the purchase of equipment, supplies, pharmaceuticals and ancillary products. Listed below is a breakdown of the attendees at the 2015 Annual Meeting:

Atlantic City promises to be a very unique venue with in beautiful, brand new exhibit and meeting space. Besides the regular attendees, invitations will be extended to medical schools in the state.

The attendees at our Annual Meetings have a reputation of visiting the exhibit area in force each day. Listed below is a synopsis of typical exhibitor comments from the 2015 meeting. The results are nothing unusual as our companies traditionally rate the AsMA meeting very high in terms of registrants' interest, quality, and expectations met.

Registrants Interest in Products/Services- 100% stated Excellent or Good. Quality of Registrant Inquiries-100% stated Excellent or Good.

We will exhibit in Atlantic City - 90% stated Yes, with an additional 10% in the decision making process.

AsMA leadership always encourages the registrants to visit the exhibits often. We have always considered the exhibit area an integral part of our scientific program in that there is much to be learned by talking to the company representatives and examining their products.

- **All coffee breaks will be held in the exhibit area during dedicated program intermissions** when no sessions are in progress, guaranteeing excellent traffic flow.
- **Welcome Reception held in the exhibit area.**
- **Set-up is on Sunday**, affording exhibitors savings on air fares if they arrive Saturday night.
- **Exhibiting companies' products, addresses, phone numbers, and generic emails** are listed in the program giving registrants year round accessibility to exhibitors.
- **All exhibitors will be listed on the AsMA web site** as they register.

- **An exhibitor's lounge will be located in the exhibit area with free coffee service** where exhibitors can take breaks, or chat informally with customers.

Please join us in Atlantic City. You will certainly find it worthwhile because of the large attendance, the people you meet from the entire aerospace medicine community, the superb scientific sessions, and the attractions of the area itself. We will personally visit each exhibit throughout the week.

Sincerely,

Jeffrey C. Svontek
