Gather Digital will be providing the mobile app for our meeting in Dallas

Gather Digital is a leading provider of conference and organization mobile apps. We offer a mobile app suite comprised of native iPhone, iPad, and Android apps, as well as mobile web apps for other smartphones and computer browsers—all branded for the client. The client controls the app through the intuitive Online Dashboard and a Gather Digital project manager is available to help along the way. Gather Digital offers single event, multi-event and organization apps.
